RIRRC MRF Residue ⁶	n/a	12,347	-	(12,347)	-	-	-	-	-	-	-	-	-
Total (net of MRF Residue)	1,052,567	330,376	3,055	79,002	61,180	1,860	6,057	700	482,231	0.4581	30.9%	30.2%	19.3%
(with MRF Residue)	1,052,567	318,029	3,055	91,349	61,180	1,860	6,057	700	482,231	0.4581	33.4%	32.7%	22.3%

*Estimates reflect calendar 2012 deliveries to RIRRC under each municipality's waste, recycling and school accounts, as well as calendar 2012 figures for material delivered to other facilities or disposed at Tiverton Landfill as reported by municipalities to RIRRC in its annual survey, but does NOT include materials classified as disaster debris, landfilled construction debris, litter cleanup, seaweed, or designated as commercial waste.

1-Other Recycling includes mattresses and computers/televisions delivered to RIRRC, as well as other materials reported by municipalities to RIRRC.

2-The majority of tires are incinerated in Connecticut with about 10% culled for reuse.

3- Mandatory Recycling Rate includes those materials mandated by RIDEM Regulation (MRF, scrap metal, yard debris and clothing) and refuse only.

4-Materials Recycling Facility (MRF) Recycling Rate is the percentage of MRF Recyclables in the universe of MRF Recyclables and solid waste landfilled only.

5-Hopkinton residents utilize Westerly's facilities and Narragansett residents utilize South Kingstown's. Allocations of material to South Kingstown and Narragansett are based on share estimates provided by South Kingstown for 2012.

6-Residue is primarily material received in the containers stream which does not meet product delivery standards and glass. In 2012 the majority of glass was landfilled as a waste residue due to difficulties in finding markets and changes in the statute prohibiting its use as landfill cover. The above figures for municipalities do not include residue. However, the totals are net of MRF
