*Figures reflect calendar 2015 deliveries to RIRRC under each municipality's waste, recycling and school accounts, as well as calendar 2015 figures for material delivered to other facilities or disposed at Tiverton Landfill as reported by municipalities to RIRRC in its annual survey of municipalities, but does NOT include materials classified as disaster debris, litter cleanup, seaweed, or designated as commercial waste.

1-Other Recycling includes mattresses, computers/televisions, and rigid plastics delivered to RIRRC, as well as other materials reported by municipalities to RIRRC such as books, batteries, electronic waste, mattresses, motor oil, rigid plastics and shredded paper.

2-The majority of tires were shredded in Connecticut and shipped out as TDF.

3-Mandatory Recycling Rate includes those materials mandated by RIDEM Regulation (MRF, scrap metal, yard debris and clothing) and refuse only.

4-Materials Recycling Facility (MRF) Recycling Rate is the percentage of MRF Recyclables in the universe of MRF Recyclables and solid waste landfilled only.

5-Hopkinton residents utilize Westerly's facilities and Narragansett residents utilize South Kingstown's. Allocations of material to S. Kingstown and Narragansett are based on share estimates provided by the towns.

6-Residue is primarily material received in the containers stream which does not meet product delivery standards. In 2015, all glass sent to the MRF will be processed by an onsite 3rd party operator. The above figures for municipalities do not include residue. However, the totals are net of MRF residue.
